Early voting is right around the corner. I guess we can't refer to it as Election Day anymore as it's become Election 'Season'. Let's encourage everyone we know to vote, whether by mail in ballot, early voting or at the polls on Nov. 5<sup>th</sup>.

As I write this, I am watching reports on the second assignation attempt on Former President Donald Trump. It occurred to me a few months ago that regardless of who wins the election (Harris or Trump), I believe there will be a great deal of unrest throughout our country, likely worse than we've seen in our lifetimes. Many political pundits are now saying the same thing and that we are in the middle of a cold civil war and on the brink of WWII and/or a nuclear holocaust.

The Dems don't feel the need to adhere to the laws of our country anymore, bringing charges against a former president, without the authority to do so, deciding they can be the presidential nominee without any votes having been cast for them and taking the campaign funds from the actual nominee they replaced. I'm puzzled as to why there aren't charges being brought against these individuals, but hopefully we'll see that come to pass soon.

More and more people with liberal views are seeing the nonsense being presented to them as fact and truth and are moving away from the Democrat party. They are not yet joining the Republican Party, but I'm betting they will vote Republican this election cycle. A couple of them are Bret Weinstein and Bill Maher, very liberal individuals. Even more shocking are those Republicans that said they voted for Trump in 2020, but could not in good conscience vote for a convicted felon in 2024. Instead, they say they'll vote for Harris. Boy did they drink the Kool-Aid!

Many of the things done behind our backs, in the dark and out of sight are now becoming known (if you watch the right news outlets). But with all the chaos, corruption, bold face lies, gas-lighting, and corruption by the Dems, I feel like our Republic is slipping away. Let's all do what we can to keep that from happening and remember, God is still on the throne.

LBRW President Kathy Ellsworth

Let's keep up the momentum for President Trump, the Senate and the House!!

Hi all,

Fall is here, and the weather is beautiful. I hope you enjoy these beautiful days of early fall. October also brings us to the time for early voting. It is so important for us

to check our registration to make sure that everything is correct. If you know anyone that is not registered yet they have until 10/7 to register to vote in the November election. Early voting begins 10/9. If you have not already the Republican Party needs people to volunteer at the office, knocking doors, making calls, being a poll observer or worker. Let's get this done and help to save our country !!

Please let me know if there are any LBRW members that need a card from the club. So far, I have sent out birthday cards. I look forward to seeing you all at the dinner meeting. Betty Webster 714-833-8909, [Betty.webster1958@gmail.com](mailto:Betty.webster1958@gmail.com)

**S P O T L I G H T M E M B E R – L A R A G O O D E L L**

Hello LBRW!

For those of you who don't know me, my name is Lara Goodell. I have lived in Arizona for about 25 years. Most of that time has been spent in Lake Havasu City. I grew up in southern California in a town called Manhattan Beach. Yes I was a beach girl. I wouldn't trade it for anything. Would I go back now? NO. I have three boys all of which grew up here in Havasu. My oldest Brett joined the Navy as a submariner, fell in love with Washington state and a girl named Shannon. They now reside there with grandchildren coming soon! Jason is going to make me a grandma first this December, another boy! I am so excited for this, just call me Nana!! Jason and my youngest son Eric both work for Allo out of state and are thriving and growing with that company. I am proud to be Christian woman. I love my husband Bill and we loved to travel when it's not campaign season. I have been a physical therapist assistant at a local outpatient rehab facility and also for the school district in their therapies department for special needs. I really enjoy being a licensed massage therapist (since 2007) still helping people.

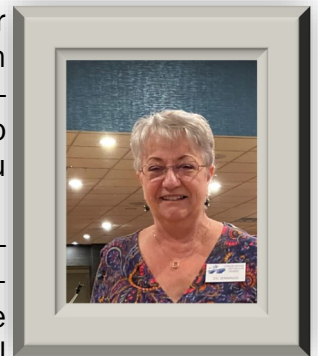

D i a l . . . . 9 2 8 - 4 8 6 - 7 7 5 6 i f y o u n e e d m a s s a g e !

I have learned so much about politics and it really all started with this club LBRW! I am now a state delegate and PC captain. And now I've taken on an even newer role with Turning Point Action as a representative for this north side of Lake Havasu. If I come to your door, please don't slam the door in my face just making sure you registered to vote and you get your ballot turned in! Love y'all, your humble volunteer,

Lara Goodell

**Cil Jennings, MCRCC 2<sup>nd</sup> Vice Chair, LBRW Legislative Chair**

The big event...the 2024 GENERAL ELECTION...is almost here. Final day to register to vote is October 7. If you're not registered or if your address has changed, you can go to [servicearizona.com](http://servicearizona.com) to register online or stop by the District III Republican Office on McCulloch for a regular paper form. If you haven't already, be sure to go to [my.arizona.vote](http://my.arizona.vote) BEFORE Oct 7th to verify that your registration is accurate (while you still have time to correct it).

It is extremely important for all of us to join together to fight for our Republican candidates and to VOTE A STRAIGHT REPUBLICAN TICKET. We had a great turnout at our September meeting, so many of you were able to meet and listen to the School Board candidates. Be sure to sign up for the October meeting, since you will be hearing very important information about the many propositions that will be on the ballot.

There are innumerable opportunities for each and every one of you to do your part to help elect our Republican candidates. You can stop by the District III Republican Office to let us know that you are ready to volunteer, if you haven't already. The volunteers in the office will take your name and contact info, so that we can get with you to find the best options for you. Also, there are many activities scheduled to support our candidates. While you're at the office, ask for info and flyers about upcoming events.

REMINDER: People are still receiving mailers and emails that tell them they need to register or to sign up for their mail-in ballot. PLEASE do not reply to any of those. Some may be good groups, but how do you know? It is not a good idea to give your voter registration out. INSTEAD, it is safer to verify your registration and mail-in ballot status by going online to [my.arizona.vote](http://my.arizona.vote) or by calling the Registration Office in Kingman at 928-753-0767.

## WHAT HAS HAPPENED TO AMERICA?

- I woke up and as I had my morning coffee, I realized that everything is about to change. No matter how I vote, no matter what I say, something evil has invaded our nation, and our lives are never going to be the same.
- I have been confused by the hostility of family and friends. I look at people I have known all my life--so hate-filled that they agree with opinions they would never express as their own. I think that I may well have entered the Twilight Zone.
- You can't justify this insanity. We have become a nation that has lost its collective mind!
- If a man pretends to be a woman, you are required to pretend with him.
- Somehow it's un-American for the census to count how many Americans are in America.
- Russians influencing our elections are bad, but illegals voting in our elections are good.
- It was cool for Joe Biden to "blackmail" the President of Ukraine, but it's an impeachable offense if Donald Trump inquires about it.
- Twenty is too young to drink a beer, but eighteen is old enough to vote.
- People who have never owned slaves should pay slavery reparations to people who have never been slaves.
- People who have never been to college should pay the debts of college students who took out huge loans for their degrees.
- Immigrants with tuberculosis and polio are welcome, but you'd better be able to prove your dog is vaccinated.
- Irish doctors and German engineers who want to immigrate to the US must go through a rigorous vetting process, but any illiterate gang-bangers who jump the southern fence are welcome.
- \$5 billion for border security is too expensive, but \$1.5 trillion for "free" health care is not.
- If you cheat to get into college you go to prison, but if you cheat to get into the country you go to college for free.
- People who say there is no such thing as gender are demanding a female President.
- We see other countries going Socialist and collapsing, but it seems like a great plan to us.
- Some people are held responsible for things that happened before they were born, and other people are not held responsible for what they are doing right now.
- Criminals are caught-and-released to hurt more people, but stopping them is bad because it's a violation of THEIR rights.
- And pointing out all this hypocrisy somehow makes us "racists"?!
- Nothing makes sense anymore, no values, no morals, no civility and people are dying of a Chinese virus, but it racist to refer to it as Chinese even though it began in China. We are clearly living in an upside down world where right is wrong and wrong is right, where moral is immoral and immoral is moral, where good is evil and evil is good, where killing murderers is wrong, but killing innocent babies is right.
- Wake up America, the great unsinkable ship Titanic America has hit an iceberg, is taking on water, and is sinking fast. The choice is yours to make. What will it be? Time is short, make your choice wisely!

## The History and Inconvenient Truth of Kamala Harris

Kamala Harris' father was an avowed Marxist professor in the Economics Department at Stanford University in Palo Alto, CA. Both of Harris' parents were active in the Berkeley based Afro-American Association; Fidel Castro and Che Guevara were the heroes of the Afro-American Association.

The group's leader, Donald Warden (aka Khalid al-Mansour), mentored two young Afro-American Association members, Huey Newton and Bobby Seale; they created the Maoist inspired Black Panther Party which gained strong support from Communist China; the Black Panther Party served as the model for creation of the Black Lives Matter Marxist organization Khalid al-Mansour subsequently went on to arrange financing and facilitated for Barack Hussein Obama to be accepted as a student to matriculate at Harvard Law School.

Following her graduation from college, Harris returned to California and subsequently became the mistress of the 60-year-old married Speaker of the California Assembly, Willie Brown, Jr. Brown's political campaigns were supported and funded by Dr. Carlton Goodlett, the owner of The Sun Reporter and several other pro-Communist newspapers.

Brown was elected as Mayor of San Francisco, and strongly endorsed Harris' Marxist political philosophy; he guided Harris' political rise in California politics, leading to her election as California's Attorney General. Willie Brown, Jr. was a well-known long-time Communist sympathizer. Willie Brown, Jr. was initially elected to public office with the substantial help of the Communist Party USA.

Today, Willie Brown is widely regarded as one of the Chinese Communist Party's best friends in the San Francisco Bay Area.

While serving as San Francisco District Attorney, Kamala Harris mentored a young San Francisco Radical Maoist activist, Lateefah Simon, who was a member of the STORM Revolutionary Movement; Simon currently chairs the Bay Area Rapid Transit (BART) Board. Simon has always been close friends with the founder of Black Lives Matter Marxist Domestic Terrorists, Alicia Garza, as well as STORM member and avowed Communist, Van Jones. Harris has been openly and aggressively supporting Black Lives Matter Marxists; Kamala Harris is still closely associated with Maoist Lateefah Simon and Marxist Alicia Garza.

Kamala Harris's sister Maya Harris was a student activist at Stanford University. She was a closely associated with Steve Phillips, one of the leading Marxist-Leninists on campus and a long-time affiliate with the League of Revolutionary Struggle, a pro-Chinese Communist group.

Phillips came out of the Left, and in college he studied Marx, Mao, and Lenin, and maintained close associations with fellow Communists. Phillips married into the multi billion dollar Sandler family of the Golden West Savings and Loan fortune. He funded many leftist political campaigns, and the voter registration drives in the Southern and South Western states in order to help his friend, Barack Hussein Obama, defeat Hillary Clinton. Phillips has been a major financial sponsor for Kamala Harris's political campaigns for various California elective offices.

Harris' husband, Doug Emhoff works for the law firm DLA Piper, which "boasts nearly 30 years of experience in Communist China with over 140 lawyers dedicated to its 'Communist China investment Services' branch. He was just appointed to Professor at Yale to school future lawyers in the fine points of Communism.

When she was elected to the US Senate, Kamala Harris appointed a Pro-Communist Senate Chief of Staff, Karine Jean-Pierre (Biden's current White House Press Secretary). Jean-Pierre was active with the New York-based Haiti Support Network. The organization worked closely with the pro-Communist China/Communist North Korea Workers World Party and supported Jean-Bertrand Aristide, the far-left Communist former president of Haiti and the radical Lavalas movement.

Fortunately for Harris, but potentially disastrous for the Republic, elected office holders are not subject to the security clearance process. If the FBI did a Background Investigation on Kamala Harris, she never would have passed, because of her 40-year close ties with Marxists, Communists, Maoists, and Communist China. Harris would never have been approved for acceptance to any of the 5 Military Service Academies, been appointed to a US Government Sub-Cabinet position, or would have been approved to fill a sensitive position for a high security defense contractor. Yet, since Joe Biden was elected, Harris could be a heartbeat away from being President.

The US constitutional Republic is being threatened by the People's Republic of Communist China (PPC) externally, and by their very active espionage operations within the United States. The People's Republic of Communist China (PPC), with 1.4 billion people, is governed by the 90 million member Chinese Communist Party (CCP), that has been working with Russia to destroy the US Constitutional Republic for over 70 years.

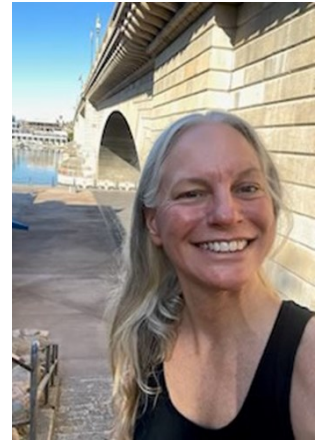

If the American voters read the background information (in Trevor Loudon's article) on Kamala Harris, they would never support her election as President of the United States. Stay vigilant, Harris can become the first Communist President of the United States. Kamala Harris will lead the effort to appoint very dangerous anti-American Leftist, Communist, Socialists, and Marxists to fill highly sensitive positions in the Washington Deep State Bureaucracy. She will fill all appointive positions in the US Intelligence Agencies, in the Department of Homeland Security, in the Department of Defense, in The Justice Department, the Department of State, the FBI, the CIA, most cabinet positions, the National Security Council, and in the White House Staff.

American voters must alert their fellow Americans that Kamala Harris is a very serious National Security threat to the very survival of the US Constitutional Republic; she has been a fellow traveler of Marxists, Communists, Maoists, Socialists, Progressives, and Chinese Communists for over 35 years. President Trump has much more background information on Kamala Harris than we presented here, and he is correct when he accuses Kamala Harris of being a Communist subverter.

## This is Lara Goodell, regional leader for Arizona Free Enterprise Club.

It's fall y'all and yes, still the 2024 election season! I'll get right into it. Don't get fooled by Proposition 140. Proponents of Prop 140 want to "make elections fair" by counting, duplicate signatures! Please say no to California style elections.

Arizona free enterprise club can use your help! I invite you to sign up for the FREE GRASSROOTS ACTION LIST, this is where you can get updates on our battles against big government special interests and how you can protect our freedoms and keep Arizona a great place to live. Please join at [azfree.org/join/](https://azfree.org/join/) Here you will also find many video resources, request to speak and policy education. Find out how Arizona free Enterprise club requests investigation into Governor Hobbs' inaugural fund. Under the News tab you will also find why it's time to ban DEI programs in Arizona University not to mention our local schools here in Lake Havasu city.

The corporation commissions decision to roll back EV subsidies is a big win for rate payers. I can't believe they wanted that in the first place! Even though it is an important win, it once again highlights the need to rid ourselves of radical environmental, social, and governance (ESG) commitments entirely!

Don't miss this! Come hear what's on the ballot in November the good, the bad, and the ugly! Greg Blackie Azfree, deputy Director of policy, will be giving you the details of the propositions that will be on the ballot for the general election and our recommendations. Invite everyone around the state to join us on this call! It will be Monday, October 7 6:30 – 7:30 PM remember you need to register under the events tab.

Remember the next LBRW meeting field Director April Smith with AZ Free Enterprise club will be here to educate us in person! I can't wait to see you all. Your AZ FREE regional leader,

By [Noel S. Williams](#) Sept 18, 2024

Thank goodness Trump has the courage to be 'dangerous'

Hillary just refuses to go away. Normally, her unfounded utterances reflect a lost soul who is occupying an [alternate universe](#) -- a misconceived and misguided television concept that was widely panned. But a day -- one short day -- after the failed assassination attempt on Trump, she may be unwittingly right about something: [Trump may be dangerous](#). Dangerous to whom?

The reason the ghastly old ratbag still festers is because Trump, and the MAGA movement in general are dangerous to her leftist, ahem, "values." Commonsense conservative change constituents are often described as "dangerous" for obvious reasons -- they threaten the corrupt status quo, and the burrowed bureaucrats who rule it. Hillary presents a dark, very unpleasant figure; she's almost sorrowful, were it not that her rhetoric is what is actually dangerous. By contrast, while justifiably angry, Trump and his supporters will lead us to broad, sunlit uplands. If there is voting integrity, this November will usher in "Morning again in America." Again.

That was a famous [Ronald Reagan campaign ad from 1984](#). Guess who else was described as dangerous by the Left?

Yep, the president who won the Cold War, and whose [Reaganomics represented a clearer path to prosperity](#) than the path of good (socialist) intentions foisted on us by Bidenomics. For instance, [Reaganomics wrought lower tax rates](#) even as tax revenues increased. Under Reagan, inflation decreased and unemployment rates fell. Generally, Americans were more cheerful, confident, and patriotic under the mislabeled "dangerous" Reagan.

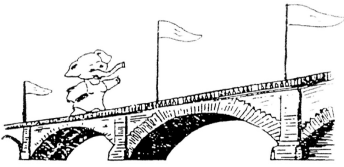

Sound familiar? That's because similar America-affirming prospects flourished under Trump.

Though I wish she would scurry away into her squalid Dem dystopia, I'm sort of glad that Hillary thinks Trump is dangerous. Many great leaders (Churchill, Gandhi, Mother Teresa, Oliver Cromwell, Martin Luther, Napoleon, Henry Ford, Margaret Thatcher, our own founders, and so many others) were considered controversial, if not dangerous. Without agreeing with all they did, we can add Trump to the lengthy list of luminaries who sneered in the face of danger while pursuing transformative endeavors

If Trump provokes what Hillary perceives as "danger," it is to the deep, dark, Dem labyrinth where she, and her ilk, slyly slither and slide. Though she has a rather pathetic visage, somewhat resembling a wrinkly old gargoyle, it must be observed, her danger is the influence she exerts upon the simple, undeveloped leftist minds. The socialist simpletons who look, as despicable minions tend to do, for a master to serve.

As exemplified by Trump's would-be assassin, they are useful idiots who believe that MAGA-Americans are a threat to our "democracy." Actually, we support, a vibrant representative republic, but the leftists prefer the stifling mob mentality inherent in conformist "democracies." FDR might have been onto something when [he reputedly said](#), "I ask you to judge me by the enemies I have made." If one's enemy is the devilishly cackling Hillary, one may be judged very favorably indeed.

Good riddance, Hillary. Feel free to "go quietly into that good night." It's time for *Morning Again in America*.
